

Element Fleet Essentials

A streamlined fleet management solution for growing businesses

Element Fleet Essentials (EFE) helps organizations reduce fleet costs, simplify operations, and keep vehicles productive. It provides the core services needed to manage vehicles efficiently without the complexity of a fully customized fleet program.

What's included

- ✓ Vehicle leasing solutions
- ✓ Maintenance management
- ✓ Fuel management
- ✓ Licensing and registration
- ✓ Vehicle remarketing services

Vehicle leasing solutions

Flexible financing that improves cash flow and operational agility

Manufacturer fleet incentives

Through Element's partnerships, we offer exclusive discounts on vehicle purchases.

Capital preservation

Keep cash invested in your core business instead of tying up cash in vehicle purchases.

Flexible financing

Lease structures aligned with your financial strategy.

Remarketing advantage

Maximize resale value through Element's proven remarketing platform.

Lifecycle optimization

Replace vehicles at the right time to reduce depreciation and maintenance spikes.

Core fleet services

Maintenance management

Keep vehicles on the road and operating at peak performance.

- **Reduce repair costs** with pre-negotiated pricing across a network of 50,000+ service facilities
- **Minimize unexpected breakdowns** with proactive preventive maintenance programs
- **Improve fleet uptime** and productivity through streamlined repair coordination

Licensing and registration

Eliminate administrative burden and ensure fleet compliance.

- **Simplify vehicle compliance and administration** with registration and renewal management handled by Element
- **Streamline accounting** with consolidated billing for renewal fees
- **Reduce compliance risk** and avoid fines from expired registration

Fuel management

Gain visibility and control over one of your fleet's largest operating expenses.

- **Simplify fueling for drivers** with secure chip-and-PIN fuel cards accepted nationwide
- **Track and analyze fuel spend** with detailed transaction reporting
- **Identify and prevent misuse** through policy monitoring and exception reporting

Remarketing services

Maximize resale value and simplify vehicle disposition.

- **Achieve stronger resale** returns through strategic pricing and resale planning
- **Reduce administrative work** with full coordination of transportation and reconditioning
- **Simplify the resale process** with ownership transfer and administration managed by Element

Why choose Element

Extensive service network

Access more than 50,000 repair facilities across North America.

Proven remarketing expertise

Element remarkets tens of thousands of vehicles annually for customers.

OEM partnerships

Leverage Element's manufacturer relationships for vehicle incentives.

Integrated fleet services

A single partner to manage leasing, maintenance, fuel, compliance, and remarketing.
