Z	370Z Coupe	2021	-	-	-	-
Z	370Z Coupe	2022	August 15, 2021	TBD	February, 2022	TBD

NOTE: ALL DATES ARE TENTATIVE AND SUBJECT TO CHANGE

- * The "Available via Fleet Website (End)" column shows the last date an order can be submitted in the system via the direct order entry website.
- * The final production order for a given model is submitted 4-months prior to the last delivery month. Therefore, there may be some production constraints towards the end of the model year. If an order is submitted but can't be filled due to production constraints or limited availability, the National Fleet Distribution Department will contact the account with alternative choices (ie: closest available match) or to discuss other alternatives, including converting the fleet order to the next model year or cancelling the order.
- * Please be aware, the closer we get to the end of the model year for each model, the less flexibility we will have as production becomes "fixed" and/or certain options are eliminated due to "build-out". Successful order submission via the Fleet Website does not guarantee the vehicle will be delivered - all orders are subject to availability.
