

# Whistleblowing Policy

## Objective and Scope

Element Fleet Management Corp. and its subsidiaries (collectively, the “**Corporation**”) is committed to maintaining a workplace in which the Corporation can receive, retain and address all complaints received by the Corporation regarding accounting, internal accounting controls or auditing matters. To achieve this goal, the Board of Directors of the Corporation has delegated to the Audit Committee of the Board of Directors of the Corporation (the “**Audit Committee**”) the responsibility for establishing a procedure for the confidential, anonymous submission by employees of the Corporation of concerns regarding questionable accounting or auditing procedures. This Policy has been established to enable employees, officers and directors of the Corporation to raise such concerns on a confidential basis, free from discrimination, retaliation or harassment, anonymously or otherwise. This Policy applies to all employees, officers and directors of the Corporation.

## Whistleblower Incident

A “**whistleblower incident**” is defined as a concern related to the Corporation’s accounting, internal accounting controls or auditing matters.

For greater clarity, whistleblower incidents are intended to include, but are not limited to, the following:

- a) inappropriate revenue recognition;
- b) inappropriate capitalization of assets;
- c) inappropriate recognition of Corporation liabilities;
- d) misappropriation of funds, embezzlement or theft of Corporation assets by an individual or group of individuals;
- e) misrepresentation of non-financial information to support the financial statements;
- f) dishonest, fraudulent, corrupt, or illegal (including theft, drug sale/use, violence or threatened violence and criminal damage against property) behaviour; and
- g) gross mismanagement, serious and substantial waste or repeated instances of breach of administrative procedures.

As outlined in the above definition, whistleblower incidents relate only to matters regarding the Corporation's accounting, internal accounting controls or auditing. As such, whistleblower incidents are not intended to include such matters as:

- a) "routine" grievances on operational matters of the Corporation;
- b) harassment; and
- c) discrimination.

### **Method of Reporting**

It is the policy of the Corporation that an employee, officer or director should immediately communicate whistleblower incidents as soon as the employee, officer or director becomes aware of such situations.

The Audit Committee is responsible for administering this Policy. The Chief Financial Officer and the Vice President of Internal Audit have also been designated to assist in the administration of this Policy and to receive any submissions made under this Policy. Issues and concerns regarding accounting, internal accounting controls or auditing matters may be reported to any member of the Audit Committee, the Chief Financial Officer or to the Vice President of Internal Audit via email. The contact information for these individuals is listed in Appendix "A" (which Appendix will be kept up to date for any personnel changes).

Attached as Appendix "B" to this Policy is a Whistleblower Form that should be completed and submitted to the Chair of the Audit Committee, or to the Chief Financial Officer or Vice President of Internal Audit, when an employee, officer or director is reporting a whistleblower incident.

### **Confidentiality**

A director, officer or employee reporting a whistleblower incident may choose to disclose his or her identity, but is guaranteed anonymity in the event of self-identification. However, if a complainant fails to identify himself or herself in his or her complaint and the information provided is insufficient, the Corporation may not be able to adequately investigate and resolve the complaint.

### **Further Information**

Further information may be required depending on the nature of the issue and the clarity of the information provided. Allegations made anonymously should contain sufficient detail and information so that, if necessary, a meaningful investigation can be conducted.

### **Non-Retaliation**

No employee, officer or director who in good faith submits a report under this Policy shall suffer retaliation, harassment or an adverse employment consequence as result of such submission. Any act of retaliation should be reported immediately. An employee, officer or director who retaliates against a person who has reported a violation in good faith is subject to discipline up to and including dismissal.

### **Receiving and Investigating Reports**

If contact information is provided, the Chief Financial Officer, Vice President of Internal Audit or Chair of the Audit Committee will notify the sender of the complaint and acknowledge receipt of the reported or suspected violation promptly. All reports will be investigated by the Corporation. The Chief Financial

Officer or the Vice President of Internal Audit shall report any complaint received to the Chair of the Audit Committee.

### **Retention of Reports; Review of this Policy**

The Audit Committee will retain as part of the records of the Audit Committee any complaints or concerns submitted under this Policy, tracking their receipt, investigation and resolution, for a period of at least three (3) years.

A review of this Policy will be conducted on a periodic basis.
