Element Announces TSX Approval of Normal Course Issuer Bid

TORONTO, Ontario – June 8, 2017 – Element Fleet Management Corp. (“Element” or the “Company”) today announced the Toronto Stock Exchange (the “TSX”) has approved the Company’s notice of intention to commence a Normal Course Issuer Bid (the “Bid”).

Under the Bid, the Company may repurchase on the open market (or as otherwise permitted), at its discretion during the period commencing on June 12, 2017 and ending on the earlier of June 11, 2018 and the completion of purchases under the Bid, up to 38,582,483 common shares of the Corporation (the “Common Shares”), representing approximately 10% of the “public float” of the Common Shares (within the meaning of the rules of the TSX), subject to the normal terms and limitations of such a bid.

Under the TSX rules, during the six months ended May 31, 2017, the average daily trading volume of the Common Shares on the TSX was 2,071,168 Common Shares and, accordingly, daily purchases on the TSX pursuant to the Bid will be limited to 517,792 Common Shares, other than purchases made pursuant to the block purchase exception. The actual number of Common Shares which may be purchased pursuant to the Bid and the timing of any such purchases will be determined by the management of the Company, subject to applicable law and the rules of the TSX.

Purchases are expected to be made through the facilities of the Toronto Stock Exchange, or such other permitted means (including through alternative trading systems in Canada), at prevailing market prices or as otherwise permitted. The Bid will be funded using existing cash resources, and any Common Shares repurchased by the Company under the Bid will be cancelled.

As of June 7, 2017, the Company had 389,022,985 issued and outstanding Common Shares and a “public float” of 385,824,839 Common Shares.

The Company believes that the Bid is in the best interest of the Company and constitutes a desirable use of its funds.
