

Fleet Partnership Solutions

U.S.

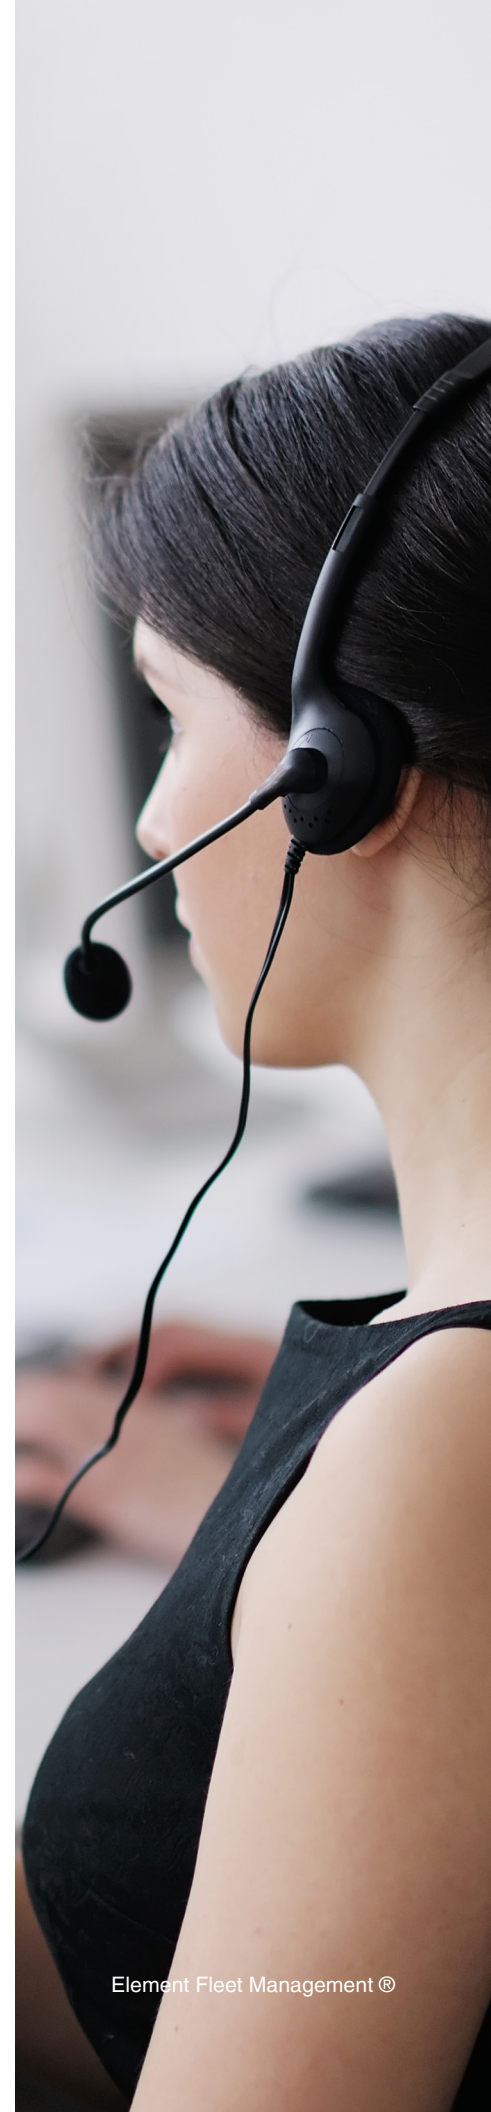

Drive fleet efficiency with an effortless administration program

You're tackling the complex task of managing your fleet when you want and need to focus more time on your core business. We have the answer. Element Fleet Management's Fleet Partnership Solutions is a fleet administration program for customers who want a hassle-free vehicle program managed by a dedicated team at Element.

Our programs can be tailored to provide the level of support you desire, from day- to-day administration to strategic planning and project management to full outsourcing where we serve as your fleet manager. Our dedicated team of fleet experts develop, manage and execute on your strategic plans saving you time and money.

Reduce costs, improve driver behavior and optimize your fleet's performance. We'll keep your fleet on the road and you focused on your business.

FLEET PARTNERSHIP SOLUTIONS

Administrative solutions for hassle-free fleet management

Why Fleet Partnership Solutions?

Our tailored fleet management programs will save you time and money. Whether you are simply looking for driver call center support or total fleet outsource – or anything in between, we've got you covered.

Element's unique offering includes:

- Strategic and tactical fleet experts, many with CAFM certifications
- Proprietary customer partnership plans and executive dashboards
- Technology and tools developed to enhance the efficiency of your fleet
- Advanced analytics to create insights and drive improvements
- Vast benchmarking data

Cost savings

- Optimizes your service programs and vehicle utilization resulting in lower operating costs
- Implements best-in-class fleet policies to achieve your fleet expense goals

Time savings

- Significantly reduces your time spent on administrative tasks
- A fleet expert assigned as your single point of contact for centralized administration
- Minimizes the time drivers spend handling vehicle issues

Simplicity

- Streamlines your acquisition and fleet administration processes
- Monitors your fleet activities to identify exceptions quickly and resolve issues before they impact your business
- Implements fleet-related policy and process changes in your business to achieve your fleet goals

Safety and compliance

- Helps you monitor driver compliance with fleet policy
- Supports and enhances service program utilization
